Mathura, 281003

EDUCATION

Bachelor of Technology in Computer Science & Engineering, GLA University with 7.57 CPI — **2025 - Present**
Matriculation - Kanha Makhan Public School, CBSE Board, Mathura with 81.40 — **2022-23**
High School - Kanha Makhan Public School, CBSE Board, Mathura Mathura with 60.67 — **2024-2025**

PROJECTS

Echo Gesture Box — June 2026 - August 2026

Frontend Developer + Computer Vision — Link - echo-gesture-box.netlify.app
Individual Project
Technologies Used - Python, OpenCV, and MediaPipe

- Hand Gesture Shape Generator: Developed a Python-based application using OpenCV and MediaPipe to detect hand gestures and generate squares and rectangles in real time.

Temple Run Game — August 2026 - October 2026

Frontend Developer — Link - temple-run-prototypee.netlify.app
Individual Project
Technologies Used - HTML, CSS, and JavaScript.

- Temple Run Prototype: Developed an endless runner game prototype featuring player movement, obstacle avoidance, collision detection, and score tracking using game development technologies.

Gesture Canvas

Frontend Developer — Link - gesturecanvas-0.netlify.app
Individual Project
Technologies Used - HTML, CSS, and JavaScript.

- Gesture Canvas: Developed a browser-based drawing app that tracks the user's hand through the webcam to draw in the air, with gesture controls for choosing colors, erasing and clearing the canvas, plus undo and save as PNG.

SKILLS

Full-Stack: HTML, CSS, JavaScript, MongoDB, MySQL.
Programming Languages: JAVA, PYTHON, C,
Core CS: SQL, DSA, OS, CN, Basic Software Development Concepts
Tools: Git, Github, VS Code, Docker.
Soft Skills: Problem solving skills, Efficient Time Management, Leadership

CERTIFICATIONS

- SQL (Basic) Certification – HackerRank — Link - https://www.hackerrank.com/certificates/ad07fe759f06
- AI Quest - RANKUP (ID-RNK-AQ-26-020) — Link - https://rankupskills.in/verify?utm_source=chatgpt.com
- BuildCamp - AI Scalability & Google Antigravity
- AI for Beginners – HP LIFE
- Participated in the "Build Your Fest Stall" product trial by Google.

ACHIEVEMENTS

- 200+ Problems Solved & 100+ Active days — Link - https://leetcode.com/u/Anant_goyal2907/
- 800+ Contributions on GITHUB. — Link - https://github.com/anantttt1
